

Create and Submit an Exoneration

Process

[REQUEST AN EXONERATION](#)

Effective Date

01/01/2025

Purpose

This task provides specific instructions on requesting an Exoneration. The Locality Representative typically performs this task when a local assessment of individual income tax is incorrect and must be reduced in part or in full. The Special Notes and Procedure will provide information on the manual process of requesting that Virginia Tax process an exoneration.

Special Notes

- Only authorized Local Representatives may perform this task.
- An Exoneration reduces either fully or partially a liability that is owed by the customer to the locality.
- A locality can only request exoneration entries for current year returns that pertain to customers within its jurisdiction.
- Each packet of Exoneration materials (for a single taxpayer) which includes a completed Exoneration Form 916 and any supporting documentation/record of taxpayer payments should be faxed to Virginia Tax. If multiple exoneration packets need to be submitted to Virginia Tax, they should be faxed to Virginia Tax **one taxpayer submission at a time. Multiple taxpayer exoneration packets should not be co-mingled in a single fax transmission.**

 - A. If local payment(s) have been posted to the taxpayer's account,

 - 2) Subtract any Partial Payments received by the locality to determine the exoneration recommended that is to be entered on Form 916, Part II.
 - B. If a **portion** of the liability should be exonerated, review and verify the portion of the liability that should be exonerated.
 - C. If **all** of the liability should be exonerated, review and verify the full amount of the liability to be exonerated.
4. Determine if any special circumstances apply.
 - A. If an amended return is received, **do not** include the amended return as an attachment to Form 916.

NOTE: The Treasurer's Office should not accept or deposit taxpayer payments made after an exoneration request have been submitted to Virginia Tax.
